

Russell OMNIBUS

When you need to answer key questions in a fast, reliable and cost-effective way, Russell Research's always-on omnibus is a perfect fit.

WWW.RUSSELLRESEARCH.COM

The Russell Omnibus is a continuous national online survey among 1000 consumers per wave, leveraging high-quality online sampling and data collection. The shared-cost model reduces fixed expenses by combining multiple, non-competitive client questions in a single survey.

COMMON OMNIBUS APPLICATIONS

- Ad & Concept Testing
- Awareness & Usage
- Market Sizing & Structure
- Message Testing
- New Business Pitches
- Public Opinion & Public Relations
- Tracking

SOPHISTICATED SURVEY TOOLS

The Russell Omnibus provides the same full range of dynamic tools available in our custom studies — video, audio, images, complex routing, text & image highlighting, and many other powerful features

DELIVERABLES

Computer tabulations with 35+ standard demographic and geographic analytical/banner points are included, with the ability to add your own banner points at no extra cost.

EXPERT CONSULTATION

You're not alone in survey design – as an important added value, Russell Research experts are available to consult on questionnaire design and survey flow to ensure your questions will get your answers and adhering to best practices.
